Featured items...

Time Fall Crown by Melanie Clemmons, \$5

The fantastic explorer Heliogabalous salvaged this mystical item from the FDR mountains on Mars before he emigrated to Earth. On the third planet this treasure was known by aboriginals as a sacred charm used to ward off hexes which would impair the mind's eye. These magical properties have not been lost during the voyage, in fact, the charm seems to have strengthen and further protects against enemies that threaten slow internet speeds.

Organic Drum Set by Stephen H Fishman, \$5

You'll bongo in your chonies for this biodegradable 100% post-consumer recycled meagan kit made from real human flesh! Pound these skins like a zombie in a graveyard on Halloween. Produces a drum roll when you roll over the object.

Personal Pocket Planet by Stephen H Fishman, \$3

Take your world with you on-the-go. Don't have time to conjure up hurricanes during your coffee break or create new species before dropping the kids off at daycare? For busy careerists and parents, control a lush, life-sustaining planet of your own on your own schedule. Why settle for Second Life when you can have all the life? Terrorize a palm-sized dollop of a world teeming with life without anybody knowing!

New Age Dream Catcher by Casey Smith, \$6

A magical hexagonal talisman from Galactic Quadrant 12, this item is best used near a bed or sleeping space to record and archive your dreams. Also included is an encoder, a Freudian device which will arrange said dreams into a plausible narrative.
USB/firewire compatible.
